CHILLIWACK BY-LAWS.

BY-LAW NO. 60.

A by-law to provide for the draining of the north-east portion of Township 26, and west portion of Township 29, District of New Westminster, and within the boundaries of the Corporation of the Township of Chilliwack, to be known as the "Elk Creek Draining Scheme" and for borrowing on the credit of the said Corporation the sum of five thousand (\$5,000) dollars for completing the same.

WHEREAS Andrew Smith, John Stady, and twenty-four others, with a total assessment of \$61,337, being a majority in number and value of the owners as shown by the last revised assessment roll, of the property hereinafter set forth to be benefitted by the construction of the drainage works hereinafter provided for, have petitioned the Council of the said Corporation praying for the drainage of the following lands in townships 26 and 29, within the boundaries of the said Corporation, comprised within the following boundaries, viz.:

From the north-east corner of section 24, township 26, west to the north-east corner of section 26, thence north to Hope Slough, thence following the meanders of Hope Slough to the north-east corner of section 31, township 29, thence south to the mountains, thence along the base of the mountains to the point of commencement.

And whereas with such purpose in view the said Council procured an examination to be made by A. O. Meara, civil engineer, being a person competent for such purpose, of the said locality proposed to be drained, and has also procured plans and specifications and estimates of the work of construction to be made by the said A. O. Meara, and an assessment to be made by him of the lands to be benefitted by such work, stating as nearly as can be the proportion of benefit which, in his opinion, will be derived in consequence of such work, by every section, part of section, or lot; the said assessment so made by him being the assessment hereinafter by this by-law enacted to be assessed and levied upon the sections, part of sections, and lots hereinafter in that behalf specially set forth and described, and the report of the said A. O. Meara in respect thereof and of the said work being as follows:

CHILLIWACK, B. C., December, 1893.

To the Reeve and Municipal Council:

GENTLEMEN—In accordance with instructions received from your honourable body I proceeded to make an examination and survey of a certain area of low lying lands in the vicinity of Elk Creek so as to devise the most effectual means of draining the same and of dealing with the Ford and Elk Creeks, the present bed of which streams not being of sufficient capacity to carry the waters after an ordinary freshet, it results that the overflow renders the low lands adjoining totally useless, and the efficiency of the lateral ditches discharging into the creek is destroyed, caused by the backing up of the water. I would recommend as the most effective plan of disposing of these waters, that the above named creeks be diverted into the Hope Slough, and from levels taken I find this quite practicable and attended with no difficulties. The construction of a diverting ditch, located and of the dimensions as herein stated, would carry the waters of the creeks and provide a perfect drainage to all lateral drains discharging both into the proposed ditch and present bed of the creek, viz.:

Beginning at Hope Slough at the north-east corner of the north east $\frac{1}{4}$ of section 36, township 26, thence south crossing Trunk and Chilliwack Central roads to nearly south-east corner of south-east quarter of section 25, thence on a south-westerly course through part of the north-east $\frac{1}{4}$ of section 24, to Elk Creek, a total length of 9,992 feet.

The bottom of the ditch to be a width of ten feet and an average depth of from 5 to 7 feet on the minimum grades, and a bottom width of 7 to 8 feet, with a depth of from 4 to 6 feet on the maximum grades with slopes of 1 to 1. I would suggest that a flood-gate be constructed at the head, as it is necessary that a certain percentage of water be allowed into the old bed in the dry season of the year. I estimate the total cost of this work at (\$5,000) five thousand dollars, including surveys, contingencies, &c. I estimate the

cost of the work connected with the Elk Creek diverting ditch as follows:

MISCELLANEOUS.

Certified Copy of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor-General in Council on the 10th November, 1893.

ON A MEMORANDUM, dated 26th October, 1893, from the Minister of the Interior, stating that his attention has been called to the fact that the affidavit under Forms D, E, G and H, respectively, which is required to be made by a person obtaining a homestead entry in the Railway Belt in British Columbia, does not correspond exactly with the Regulations as they are worded at the present time, the applicant being required to swear that he does not own any lands in the Railway Belt, whereas section 13 of the Regulations provides that anyone may get a homestead who does not hold or own by pre-emption record or otherwise, under the laws of the Province of British Columbia, more than 160 acres of land in the Railway Belt.

The Minister therefore submits for sanction by Your Excellency the accompanying annexed Forms of Affidavit, which have received the approval of the Department of Justice.

The Committee submit the same for Your Excellency's approval.

Clerk of the Privy Council.

To the Honourable
the Minister of the Interior.

FORM D.

I, A. B., do solemnly swear (or affirm, as the case may be,) that I am over eighteen years of age; that to the best of my knowledge and belief the land in respect of which my application is made is surveyed agricultural land; it is not chiefly valuable for its timber, or for hay land, nor is there upon it any stone or marble quarry, or coal or other mineral having commercial value; there is not upon it any water power which may serve to drive machinery, nor is it specially valuable by reason of its position, such as being the shore of an important harbour, bridge site or canal site, or being either an actual or prospective railway terminus or station; that there is no person residing upon the said land, nor are there any improvements thereon, and that this application is made for the exclusive use and benefit of the said , with the intention of residing upon and cultivating the said land, and not directly or indirectly for the use or benefit of any other person or persons whomsoever, and that I have not heretofore obtained a homestead on Dominion lands except as herein stated, nor do I hold or own by pre-emption record or otherwise, under the laws of British Columbia, more than 160 acres of land within the tract known as the Railway Belt in British Columbia.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 21st day of October, 1893.

PRESENT :

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

ON A REPORT dated 2nd October, 1893, from the Minister of the Interior, stating that an application has been made by Mr. Gordon E. Corbould, M.P., on behalf of the Surrey Agricultural Association of British Columbia, for a grant of 40 acres of Dominion lands, being legal subdivision 12 of Section 16 in Township 8, east of the coast meridian, for the purposes of the Society;

The Minister further states that a Report has been received from the Local Agent of Dominion Lands for the District to the effect that, as far as he knows, there is no objection to the land being granted to the Association in question,—

The Minister recommends, as it is in his opinion desirable to encourage institutions such as the Agricultural Association referred to, and the land applied for being at the disposal of the Crown and not valuable for any other purpose than that to which the Association purpuses to apply it, that the 40 acres asked for, namely, legal subdivision 12 of Section 16, in Township 8, east of the Coast Meridian, be granted to the Surrey Agricultural Association of British Columbia, under sub-section 2 of section 11 of the Regulations for the disposal of Dominion Lands within the Railway Belt in the Province of British Columbia, which empowers the Governor in Council to set apart and appropriate such Dominion Lands as he may deem expedient for public purposes.

The Committee submit the above recommendation for Your Excellency's approval.

Clerk of the Privy Council.
